"Matt Hearn, President of MStars Inc., is a very talented individual that previously owned a debt settlement company that produced 20,000 enrollments in just 3 short years in business. He took the methods and systems that he used in his own company and shared them with the masses.

I would recommend MStars training to anyone in the debt settlement industry that is looking to grow or start a new company. The training is easy to follow and understand, yet thorough and precise to the current industry requirements and regulations. This training is a must for those that want to operate a compliant and honest business model that is truly dedicated to helping individuals. "Top qualities: Great Results, Expert, High Integrity

-Ari M. Owner, Debt Relief Provider

"MStars has been a solid company that we have been speaking with for some time. Matt has been open, up front and has shared his experiences and opinions with us. We continue to work with MStars towards a bigger relationship that we feel will pay big dividends to our company and our customers."

-Tim M, Chief Executive Officer, Debt Relief Provider

"I was managed and trained directly by Matt Hearn with a debt settlement company for 3 years and was previously coming out of the mortgage business with no clue about debt settlement. With the training and direction of Matt, within 60 days I became the top producer of the company enrolling 6-10 clients per week consistently for 3 years under him. I recommend this training to veterans and also for people fresh in the business. I gained incredible amounts of experience working with Matt. I know perform at the highest level of compliance and sales."

In dealing with other service providers, it becomes very evident which of our clients were processed by a professionally educated salesperson. Here are some things the Agents are saying about the program....

“Excellent program. Our agents are extremely well equipped thanks to MSTARS Training System”

“These techniques are invaluable. Solid gold”

“My numbers are finally where I want them and I sleep very well at night knowing I am doing it right. I WILL be the top dog on the floor with this training behind me!”

“This makes so much sense. The modules are awesome. I just got a client out of another debt settlement company and on with us because of the techniques I learned. The client said I knew so much more than that “other guy”. Ha! Thanks for everything!”

“My compliance was non-existent before this training. It opened my eyes in a major way. I actually feel good about what I do again. Great program MSTARS! Thanks!”

“I’ve been doing this for years and doing pretty well, actually. I was miffed that we had to go through this new training and take time off the floor. It took me a minute to figure out what the angle was, but after going through the mods a couple of times, I had the “AHA moment”. You’re good, Mr. Hearn. Real good.”

“Numbers are up, compliance is on target, retention looks good. Everything is better. Solid program, MSTARS.”

“You are hilarious. I enjoyed the program and without even knowing it, I was duplicating what I heard and getting closes. Cool!”

“Love it! Took my game to a whole new level.”

“We have a lot more fun at work now. Before, we were always getting the hammer to close deals. Now we just do it, lol!”
